Leicestershire Police

# NW05 – Braunstone & Rowley Fields

**Issue: November 2026**

## What matters to you

**PRIORITY 1: Anti-Social Behaviour in and around Braunstone Park**

**PRIORITY 2: Road Safety**

**PRIORITY 3: Drug dealing and drug use**

## Your team

**PS 2195 Craig**

**PC 1576 Paige**
**PC 4719 George**
**PC 1217 Chelsea**
**PC 1520 Ryan**
**PCSO 6661 Beth**
**PCSO 6393 Julie**

## What we are doing

**PRIORITY 1:** Officers continue to focus on this location, carrying out high-visibility patrols, working to address issues that impact those who use and enjoy the park. The park is subject to daily patrols when operational demands allow, providing reassurance to the community and enabling officers to identify and address anti-social behaviour at the earliest opportunity.

Community engagement also remains a key part of the teams' approach to tackling anti-social behaviour. By maintaining a visible presence, listening to local concerns and working alongside residents, officers are better able to identify emerging issues and take action where required.

**PRIORITY 2:** The team remains focused on addressing speeding and tackling anti-social behaviour associated with e-bikes, e-scooters and off-road motorbikes across the local area. Officers have carried out proactive patrols and enforcement activity aimed at improving road safety and addressing concerns raised by residents. The team has continued to target drivers whose vehicles are being used unlawfully and those whose behaviour causes a nuisance within the community. Planning is also in action for an upcoming joint operation to tackle speeding and other road traffic offences – watch this space...

**PRIORITY 3:** Officers remain committed to addressing these issues through proactive patrols, enforcement and partnership working. Targeted hotspot patrols in and around Blackmore Drive have continued in response to reports of suspected drug-related activity. By combining visible patrols, intelligence gathering and partnership working with Leicester City Council, the team is working to reduce offending and improve community safety.

**If you have any local issues or would just like some crime prevention advice, please pop by to one of these sessions. No appointment necessary.**

## Highlights from the month

After some golden intel gathering from PCs George and Chelsea, PC George completed an extensive amount of paperwork to secure a warrant for an address on Raymond Road.

Cannabis grow located. Drugs seized totalling around £60,000. Enquiries ongoing.

Whilst conducting hotspot patrols, PCSOs Beth and Julie spotted two males making off after just stealing some power tools from a work van.

Suspects located. Items recovered. Items returned to owner. One very happy victim.

PCSO Beth attended Ellesmere College alongside PC Akil from Keyham Lane to take part in the students Careers Day.

This included showing students the police vehicles and having a talk to multiple different classes.
