What matters to you

- **Anti-Social Behaviour (ASB)** – We continue to receive reports of nuisance behaviour in parks, alleyways and around local shopping areas. Concerns include groups gathering late into the evening, noise-related ASB and behaviour that causes distress to local residents. Tackling ASB and providing reassurance to the community remains a priority.
- **Vehicle Related ASB** – Reports continue regarding the unsafe use of e-bikes, electric scooters and motorbikes around residential streets, footpaths and public open spaces. These vehicles are often being ridden without due care and attention, creating safety concerns for pedestrians and other road users.
- **Road Safety and Parking Around Schools** – Residents have raised concerns about parking issues around schools in Broughton Astley during morning drop-off and afternoon pick-up times. Vehicles are being parked on pavements and in locations that obstruct footpaths, making it difficult for pedestrians, parents with pushchairs, wheelchair users and other vulnerable road users to pass safely. We will continue to work with partners and carry out patrols to promote safe and considerate parking practices.

What have we done **#yousaidwedid**

- **Anti-Social Behaviour (ASB)** – Officers have carried out regular patrols at parks and roads across Broughton Astley in response to reports of ASB. We have also worked alongside local schools and Broughton Astley Parish Council to identify and speak with those involved, helping to prevent further issues.
- **Vehicle-Related ASB** – Patrols have continued in areas affected by the anti-social use of e-bikes and motorbikes. Officers gathered intelligence, and where offences are identified, enforcement action will be considered.
- **Road Safety & School Parking** – Officers have been made aware of concerns around inconsiderate parking and vehicles blocking footpaths. Although we cannot always guarantee a presence at pick up and drop off times, we are using social media and other platforms to make parents aware of the issue. Once reported officers have been patrolling and making sure cars are not parked obstructively. We will monitor this as an ongoing issue.

Community Engagement:

Your local PCSOs continue to hold regular drop-in sessions across the beat area, providing residents with the opportunity to discuss local concerns, receive crime prevention advice and find out more about the work being carried out in the community. The last one was held at Frolesworth Road Park in Broughton Astley and speaking to a local residents was a great insight into areas we need to look at. These sessions are a great way to raise issues that matter to you and help shape our local policing priorities.

Details of upcoming drop-in sessions, local news and beat updates can be found on the Leicestershire Police website. Search for the Broughton Astley and Walton Beat page to stay up to date with the latest information from your local neighbourhood policing team.

Issues regarding ASB:

Tackling Anti-Social Behaviour in Broughton Astley

Throughout September, your local beat team has continued to address reports of anti-social behaviour in parks and open spaces across Broughton Astley. Concerns raised by residents include groups congregating in parks, causing noise nuisance, littering and behaviour that can have a negative impact on those using these areas responsibly.

Officers have been carrying out regular patrols and have been working closely with local schools and Broughton Astley Parish Council to identify those involved and address concerns at an early stage. Where individuals have been identified, officers have spoken with them and their parents or guardians where appropriate, highlighting the effect their behaviour can have on the wider community. Our aim is to educate young people, prevent issues from escalating and ensure that local parks remain safe and welcoming spaces for everyone to enjoy. We will continue to work with our partners to monitor problem areas and take appropriate action where necessary. We would like to thank residents who have reported incidents and provided information. If you witness anti-social behaviour in your area, please continue to report it to us. Community reports help us build a clearer picture of the issues affecting Broughton Astley and allow us to target our patrols effectively.

Lock Up, Light Up, Keep Valuables Out of Sight

As the evenings become darker, opportunist thieves may target properties and vehicles where valuables are left visible.

Please help protect your home and vehicle by following a few simple crime prevention measures:

- Keep house and car keys away from doors, windows and letterboxes, and out of sight from anyone looking into your property.
- Never leave cash, handbags, wallets, mobile phones, laptops or other valuables visible near windows or inside vehicles.
- Ensure all doors and windows are locked when leaving your property, even for a short period.
- Use exterior lighting, timer switches or smart lighting to make your home appear occupied when you are out.
 - If you have CCTV, doorbell cameras or security lighting, make sure they are working correctly.
- Remove valuables from vehicles or lock them securely in the boot before reaching your destination.
- Simple steps can make a significant difference and reduce the chances of becoming a victim of burglary or vehicle crime.
- If you see suspicious activity in your area, please report it via the Leicestershire Police website or by calling 101. In an emergency, always call 999.

#LockUpLightUp

KEEP YOUR PROPERTY SECURE

Test your burglar alarm regularly and remember to set it while away

Close all windows and doors when you're not in the room

Think about what you post on social media while you're away

Reconsider leaving notes for the postman about where to leave parcels

Fit sheds, garages and any outbuildings with locks

Look at your property from the outside to review what can be seen
