#YouSaidWeDid - What matters to you

Priority 1: Anti-social Behaviour in and around Braunstone Park, Cort Crescent and Gallards Hill

You said: Anti-Social Behaviour in and around Braunstone Park continues as a priority concern from the community. Over the winter period, the team will continue to concentrate on this location.

We Did: Throughout April, the beat team has continued to focus activity in this location as part of ongoing spring and summer policing plans, aiming to provide reassurance, deter ASB and positively engage with park users. Since the last update, officers have carried out regular high-visibility patrols in and around Braunstone Park, maintaining a visible presence to discourage anti-social behaviour and address concerns as they arise. In addition, the team delivered two bike registration events within the park, promoting crime prevention, supporting cycle safety and encouraging positive engagement with the community. These events have helped to improve safeguarding, reduce theft opportunities and strengthen relationships with local residents and park users. The beat team will continue to concentrate on Braunstone Park over the spring period, using a combination of patrols, engagement and targeted activity to reduce ASB and maintain a safe and welcoming environment for the community.

Priority 2: Road Safety

You Said: From Community Surveys and Feedback on Neighbourhood Link, road safety has been highlighted to be a local concern. We will continue to concentrate on speeding concerns and anti social behaviour caused by e bikes, e scooters and off road motor-bikes.

We Did: Since the last update, the team has carried out a further targeted road safety operation during April. This resulted in the seizure of three illegal e-scooters and one illegal e-bike, removing vehicles that were being used unlawfully and posed a risk to pedestrians and other road users. These enforcement activities form part of our ongoing efforts to address nuisance riding and improve safety within residential areas. We encourage residents to keep reporting concerns, as community information plays a vital role in directing patrols and enforcement. Our focus will remain on improving road safety and maintaining reassurance for those who live, work and travel within the ward.

Priority 3: Anti-social Behaviour (Drug related)

You Said: From the Surveys on Neighbourhood Link you have told us that drug dealing and usage at locations across the Braunstone and Rowley Fields area is a concern.

We Did: Since the last update, the beat team has maintained a proactive approach, focusing on disruption, intelligence gathering and visible patrols in identified hotspot locations. During April, the team has successfully obtained a further drugs warrant, which will be executed shortly as part of ongoing efforts to disrupt local drug supply and associated criminality. Officers have also been carrying out plain-clothes patrols to identify those involved in drug dealing and to gather high-quality intelligence that supports enforcement activity. In addition, vital information continues to be obtained through regular community engagements, allowing the team to better understand local concerns and emerging issues. We continue to encourage the community to report suspicious activity, including suspected drug dealing, unusual behaviour around properties or frequent short-term visitors. Information from residents remains crucial in helping us take effective action. The beat team will sustain this focus throughout the coming month to reduce harm, disrupt drug-related crime and improve safety and confidence within the community.

Good news

It's been a busy (and productive!) month for the team—here are a few highlights that prove policing is anything but dull:

- The beat team paid a visit with a Section 8 warrant and uncovered a rather *green-fingered operation*—a cannabis grow. One male was detained, and let's just say... it wasn't for gardening tips.
- PC Chelsea has been putting in the hard yards alongside the council, tackling an address linked to drug-related ASB. Thanks to her efforts, positive action has been taken—proving teamwork really does make the dream work.
- PCs George and Chelsea showed great instincts when they spotted a male wanted for a violent offence. Not only was he detained, but they also discovered suspected Class B drugs—talk about a two-for-one!
- Sergeant Craig, joined by PCs George, Ryan, Chelsea, and Paige, attended Braunstone Community Day, which drew a fantastic crowd of around 600 people. Sunshine, smiles, and community spirit—what more could you want?
- PCSOs Beth and Julie rolled up their sleeves to assist with an unauthorised encampment on Braunstone Park, making sure all the paperwork was completed smoothly (not the most glamorous job, but an important one!).
- Not content with paperwork alone, PCSOs Beth and Julie, alongside Jaik from Beaumont Ward, turned detectives in tracking down a stolen motorbike. Thanks to a tracker—and some determined searching—the bike was successfully located.
- And finally, a huge shout-out to PCSO Geoff, who celebrated an incredible 40 years of service with Leicestershire Police. That's four decades of dedication—an absolute legend!
