#YouSaid - What matters to you

PRIORITY 1—Anti-Social Behaviour in and around Braunstone Park continues as a priority concern from the community. Over the spring period, the team will continue to concentrate on this location.

We Did- Throughout August and September, the beat team have continued to prioritise tackling anti-social behaviour in and around Braunstone Park, responding to concerns consistently raised by local residents and park users.

At the start of the summer holidays, officers launched Operation HABITUAL, a dedicated multi-agency operation aimed at preventing anti-social behaviour, youth disorder and associated criminality within Braunstone Park and surrounding areas. The operation proved successful, with the amount of reports relating to ASB and deliberate fires remained low.

The operation has also benefited from the assistance of the Drone Team, providing officers with enhanced oversight of the park and surrounding open spaces, allowing the team to identify groups involved in anti-social behaviour, direct resources effectively and respond quickly to emerging incidents.

Overall, the team remain committed to reducing anti-social behaviour, improving public confidence and ensuring Braunstone Park remains a safe and welcoming environment for residents and visitors throughout the summer months.

PRIORITY 2—Road safety has been highlighted to be a local concern. We will continue to concentrate on speeding concerns and anti social behaviour caused by e bikes, e scooters and off road motorbikes.

We Did—Activity has remained centred on tackling speeding and nuisance behaviour associated with e-bikes, e-scooters and off-road motorbikes across the Braunstone area.

The beat team have reported numerous people for dangerous driving, and issuing Section 59 warnings. A Section 59 warning is a police warning issued to drivers using a vehicle in an anti-social or careless manner. The warning remains valid for 12 months, and any repeat offence during that period may result in the vehicle being seized by police. Recent amendments to the legislation also provide powers in certain circumstances for police to seize a vehicle immediately without a prior warning where the legal grounds for seizure are met.

PRIORITY 3—Drug dealing and usage at locations across the Braunstone and Rowley Fields area is a concern.

We Did—Since the last update, the beat team has maintained a proactive approach, focusing on disruption, intelligence gathering and visible patrols in identified hotspot locations. During August, with assistance from our Neighbourhood Priority Team, PC Chelsea obtained a S8 Drugs Warrant, with this being executed and drugs located.

We continue to encourage the community to report suspicious activity, including suspected drug dealing, unusual behaviour around properties or frequent short-term visitors. Information from residents remains crucial in helping us take effective action.

Force delegation attends 9/11 anniversary events

A group of eleven representatives from the force travelled to New York last week, with colleagues from Leicestershire Fire and Rescue Service, to take part in events marking the 25th anniversary of 9/11 alongside emergency service personnel from around the world.

The officers and colleagues all travelled in their own time and at their own expense.

PCSO Beth Leslie, from West Leicester NPA, said; "For many in the group, visiting New York had always been a personal ambition, and when LFRS offered the chance to join them in paying tribute to the fallen, it genuinely felt like the perfect moment - the right opportunity for the right reason.

"Across the trip we attended three remembrance events. On the first day (09/09/26), we were invited to a private memorial service on Staten Island at the FerryHawks Baseball Stadium. The event was strictly for emergency services and families of the victims of the 9/11 attacks. We stood shoulder to shoulder with hundreds of colleagues from police and fire services across the USA, as well as representatives from other countries as far as New Zealand and Italy. It was incredibly humbling to be part of something so significant.

"On day three (11/09/26), we attended the 9/11 moment of silence in Times Square, organised by the non-profit organisation '911 Day'. Afterwards, we visited the Fire Department of the City of New York (FDNY) Museum, where a Leicestershire Police and fire plaque was presented to the FDNY Chief John Esposito alongside a Leicester-shire Police custodian helmet. LFRS colleagues then laid a specially made LFRS Hel-met beneath the wreath inside the FDNY Museum."

The plaque read: "In memory of the 2,977 inno-cent lives lost on 11 September 2001. Dedicated to all emergency service workers who ran to-wards danger without hesitation to save lives and protect others. Including our brave colleagues; four legged partners and all those who serve with courage, compassion and unwavering commit-ment.

Forever in our hearts. Never forgotten"

Upcoming Officer Drop-ins for October

01/10/2026 – The Manor – 18:00-19:00 – with PCSO Julie

08/10/2026 – Rowley Fields Allotments – 10:00-11:00 – with PCSO Julie
