Your Dedicated Neighbourhood Team (DNT) is a group of local Officers dedicated to serving your community. The team is made up of Officers based in your area and supported by the wider Policing family.

PCSO 6107
Duane
Wright

Your priorities are chosen quarterly and are based upon information gathered through NHL (Neighbourhood Link), social media, local engagement, and emerging crime trends. You have stated that the following key themes are important to you. #YouSaidWeDid

You Said	We did
Burglary has been raised as a priority by residents, this will primarily be residential but there are a few commercial premises in the NH19 area as well.	We are carrying out additional patrols, reviewing intelligence and working to identify those responsible. We would also like to remind residents to take a few simple precautions to help reduce opportunities for crime: Double-check your home is secure before leaving or going to bed. Always lock your vehicle and remove valuables from sight. Consider security lighting or CCTV where possible. Report suspicious people or vehicles in your neighbourhood. Keep keys away from doors, windows and letterboxes.
General anti-social behaviour has been raised as a priority by local residents, this includes nuisance by youths at the Meridian Leisure Park.	See below
Road Safety and Speeding has been raised as priority by local residents. Road Safety include off road motorbikes, speeding and other general road safety issues raised a priority by Neighbourhood Link	We have had very few reports in the last few weeks of any road safety issues on the beat. However, we are continuing to monitor, challenge and enforce where necessary.

News

The Meridian site security reported a suspicious vehicle with two suspects wearing balaclavas, entering the car park via Mossdale Meadows. We had already completed patrols around the Meridian earlier in the shift due to recent thefts of motorcycles, e-bikes and mopeds, so we headed back over to carry out further checks. CCTV has been reviewed and the beat team will continue investigations. While patrolling Braunstone, we saw two males dressed in all black with balaclavas riding an e-bike and moped erratically on the pavement. They made off into the estate when they saw our marked car. Given our earlier incident at Meridian, suspicions were raised. Despite a thorough area search, they'd disappeared this time. Our control room was notified and local officers were updated to keep their eyes peeled. The Braunstone and Rowley Fields beat team over at West Leicester Police, have been continuing their work around illegal e-bikes and e-scooters in this area.

Officers had just collected colleagues from court when they spotted a male who was wanted for multiple theft offences. As luck would have it, there were four officers in one vehicle at the time (which definitely isn't the norm!), so all four officers got out and swiftly arrested the male. Two officers then transported him to custody, where he was subsequently charged with the outstanding offences. The remaining two officers then provided an unexpected bike recovery service and wheeled his bicycle to a nearby address. After all, we wouldn't want him becoming the victim of theft himself.

Officers were out bright and early as part of a planned operation in the area, resulting in 10 arrests and one vehicle being taken off the road due to its poor and dangerous condition. Operations like these help keep our communities safe and tackle those involved in crime and anti-social behaviour. Thank you to everyone who continues to support and engage with your local policing team. If you have information about crime or concerns in your area, please continue to report them to us.

We have seen an increase in reports of burglary offences and thefts from motor vehicles across the Braunstone Town and Thorpe Astley areas. We are carrying out additional patrols, reviewing intelligence and working to identify those responsible. Local Officers have stayed on into the early hours, carrying out patrols in burglary hotspot areas to help keep our communities safe.

Please feel free to come along to our local officer drop in's, see below for details of our next one.

NEIGHBOURHOOD LINK:

Neighbourhood Link is a community messaging service from Leicestershire Police that provides news and information about policing activity or initiatives, crime prevention advice as well as major incidents affecting your area. In order to receive messages, you will need to register your details. Registration is free and simple to follow. Sign up at: <https://www.neighbourhoodlink.co.uk>

Please also take the time to let the Beat understand your concerns by completing the survey to the right. Simply scan your camera over the top and click.
