Your priorities are chosen quarterly and are based upon information gathered through NHL (Neighbourhood Link), social media, local engagement, and emerging crime trends. You have stated that the following key themes are important to you. #YouSaidWeDid

You Said	We did
ASB is an issue in your area.	General ASB can happen anywhere but where reports are received the beat team will take appropriate action by patrolling the location and identifying any perpetrators and taking appropriate action against them. This includes nuisance motorbikes.
Burglaries are an issue in your area.	The beat team continue to support our colleagues on response with regards to burglaries that occur in the area by conducting high vis patrols and assisting with investigations where required.
Road safety is an issue in your area.	The beat team are routinely patrolling the beat in order to identify and deal with offenders. We are utilising our powers to issue section 59 notices and report offenders for other traffic related offences accordingly.

News

Door-to-door sales scammers are visiting households across East Midlands.

We have received several recent reports of rogue door to door salesmen who sell cleaning goods but then vastly overcharge. They are particularly targeting elderly and vulnerable people – if you have any older family members, friends or neighbours please check in with them to make them aware of the scam. If you are approached to pay by card, please do not. Our advice is do not open the door to or engage with anyone trying to sell goods, or to anyone you don't know or are not expecting. There is a cross-county operation targeting the activities of these criminals to bring them to justice and prevent future victims. "In the meantime, we're asking you to share this message far and wide, and if you see any suspicious activity to please report it to us."

Recent incidents have been reported in Derbyshire and Nottinghamshire, however we may also have victims in Leicestershire, but there may have been unreported cases across the county.

Doorstep fraud checklist: what to look for -

Fraudsters can be very believable, using urgency, emotion and good old-fashioned charm to persuade you to do something. But these might be the very clues you need that something isn't right. Here are some signs someone is trying to defraud you in person. What to do if you suspect fraud -

If you've seen something that doesn't feel right, STOP!

- Break the contact – say no thanks and close the door
- Don't hand over any money or personal information – you should never pay for goods you haven't received or work that hasn't been completed
- Never let a cold caller pressure you into a quick decision – any legitimate trader will be happy to return later
- Check if its genuine: ask trusted friends and neighbours if they know the company, or enquire with Trading Standards.

What to do if you've already responded to the cold caller:

- Don't panic! What you do next depends on whether you've shared information or made a payment.
