Your priorities are chosen quarterly and are based upon information gathered through NHL (Neighbourhood Link), social media, local engagement, and emerging crime trends. You have stated that the following key themes are important to you. #YouSaidWeDid

You Said	We did
Burglary has been raised as a priority by residents, this will primarily be residential but there are a few commercial premises in the NH19 area as well.	There is an emerging trend on the beat whereby unoccupied properties seem to be targeted. The Beat team are carrying out targeted patrols and providing safeguarding advice. Investigations are on-going to identify offenders.
General anti-social behaviour has been raised as a priority by local residents, this includes nuisance by youths at the Meridian Leisure Park.	Please see below
Road Safety and Speeding has been raised as priority by local residents. Road Safety include off road motorbikes, speeding and other general road safety issues raised a priority by Neighbourhood Link	Please see below.

News

Your local Beat Team carried out a speed enforcement operation on Braunstone Lane and Murby Way in response to concerns raised by the community. Over 100 vehicles were checked, and we are pleased to report that the vast majority of drivers were complying with the speed limits and helping to keep our roads safe. However, a small number of motorists, approximately 50 vehicles were found to be exceeding the speed limit and were dealt with accordingly. Road safety remains a key priority for the Braunstone Town and Thorpe Astley Beat Team. Excessive speed increases the risk of collisions and can have devastating consequences for road users, residents, and the wider community. We will continue to carry out both enforcement and engagement activities across the area to tackle this issue.

Eagled eye'd Duane spotted a couple of vans which had decided to park rear facing each other, opposite where the police emblazoned bicycle was left parked up on the pavement. The occupants then proceeded to pass boxes from one to the other. They were quite evasive about the contents of the boxes as well as having questionable responses to questions around their insurance and driving licences. A call for back up and 2 persons were arrested at the scene with 86 boxes of cigarettes seized each containing 1000x 10pks (that's 860,000 cigarettes) HMRC have collected the property and taken over the investigation.

A resident of an East Midlands Housing property had breached their tenancy in relation to being convicted of criminal offences and had been involved in incidents of ASB. Working with East Midlands Housing, the resident was evicted. PCSO Duane attended another EMH residential home where he was joined by several EMH Officers to discuss issues at the location. There has been some discord at the housing scheme of late, so we were there to explain how we can encourage activities, support residents and how we will implement the ASB Powers should the need arise. Many of the residents were unaware of what can be done should ASB continue so an opportunity to discuss the matter at length was appreciated.
