## 2026 - Monthly positive results #YouSaidWeDid

The beat team have been working with partner agencies such as the city wardens with complaints from residents in regards to inconsiderate parking and cars not having any tax or mot, we did a walk around with the city wardens in identifying some of these vehicles and managed to seize a car due to having no tax on it.

Recently on the Thurncourt ward there was reports of a cannabis grow, officers attended the premises and identified plants being grown, with the local beat team everything was removed and dealt with accordingly, if you do have any signs of a possible grow then please report this to Leicestershire police or even crime stoppers.

Recently there has been lots of Anti Social behavior in the area, we are working with partner agencies in order to tackle this, if you are having any issues then please let us know by calling 101 or going to the Leicestershire police website.

## NE14 Team out and about #yousaidwedid

Here is some of the highlights of what the team have taken part in last year, as every year we take part in the Remembrance day service parade, it is definitely one of our highlights of the year as we proudly represent Leicestershire police and are invited to march in the parade.

PC 427 Rosspriest had taken part in a charity event with Triple skills and our local councilor The Lord Mayor where PC 427 had to capture them and take them to county hall and put them in the cells.

And lastly we say goodbye to PC 4428 Charlotte Barber as she has now left the beat team and her DNO rolet to take on a new challenge in Leicestershire Police, she will be greatly missed but we wish her all the luck in her new roll.
