

# RECOGNISE AND REPORT

## THEFT FROM VANS

**We understand theft of expensive tools from vans has a huge impact on businesses. We encourage the following measures to help protect your valuables:**

- Remove tools from your van overnight and put a sign in the window stating they have been removed.
- Visibly mark your tools using an engraving or chemical etching kit or use a forensic marking kit.
- Invest in a signal blocker for your key if you have a keyless entry van and always double check the doors are locks before leaving it.
- Consider installing security lighting and CCTV where you park your van to act as a deterrent for thieves.
