PCSO Sarah Baker
PCSO Chris Clark
PCSO Abby Whitmore

#YouSaid - What matters to you

Below are our beat priorities -

Priority:

1. Dealing with anti-social behaviour and road safety involving the illegal use of e-scooters and e-bikes across the ward.

Action taken:

We continue to target antisocial behaviour connected to e-scooters and e-bikes where possible. As the darker nights approach patrol on parks and open spaces will take place to seize e-bikes/e-scooters where we can lay hands on them. We couple this with consistent messaging during beat engagements around the illegality of these items.

Priority:

2. Dealing with the production of class B drugs on the area, in addition to tackling the use and supply of both class A and B drugs in areas where this affects the local community.

Action taken:

In September we continued the excellent work targeting this issue. As a beat team we've continued our proactive approach to street drug use on the beat, with numerous further stop searches conducted. We also identified and dismantled another cannabis grow on Alma Street, which will be returned to lawful use by a deserving tenant in due course.

Priority:

3. Reducing vehicle crime, including damage to, theft from and theft of motor vehicles on the beat.

Action taken (this relates to the previous priority around ASB):

In September in relation to the previous period's priority around vehicles being broken into, we conducted extensive enquiries to assist investigations into any vehicle crimes on the beat. We have also established an operation staffed by the beat team and supported by the wider NPA involving increased foot patrol locally, particularly around Glenfield Road East, Flora Street, Kate Street, Tudor Road and the streets of Tudor Road.

What we are doing

New beat priorities for next 3 months:

Priority 1.

Dealing with anti-social behaviour and road safety involving the illegal use of e-scooters and e-bikes across the ward.

Priority 2.

Dealing with the production of class B drugs on the area, in addition to tackling the use and supply of both class A and B drugs in areas where this affects the local community.

Priority 3.

Reducing excess speed and improving road safety on the ward.

This month has seen a continuing operation to address anti social behaviour around the Glenfield Road East location. This has been successful with the individuals involved encouraged to move from the area. Hopefully this has had a positive effect on the local community.

Other than the above operation, it's been pretty much business as usual with regular patrols, community engagement meetings and local crime enquiries.

If you are concerned about any issues on your area, please contact Leicestershire Police on 101 or go on line to the Leicestershire Police website to complete a report.

Upcoming Community Engagements for October

Cops in Shops Lidl, Fosse Road North, 5th October 5pm, PCSO 6617 Sarah

Coffee afternoon, St Paul & St Augustines, 14th October 3pm, PCSO 6617 Sarah
