Melton Mowbray Town South Newsletter

Issue: September Edition 2026

The NR33 Beat Team

- Sergeant 31 Paul Granger
- PC 4410 Ryan Hill
- PCSO 6160 Amanda Andryszewska

What matters to you

We have listened to you and the concerns you raised and prioritised the following:

Priority 1: Drug Dealing

Drug dealing continues to be a priority for the Melton Town South beat team. Throughout the month, officers have carried out patrols in identified hotspot areas, gathered intelligence from the local community, and worked with partner agencies to disrupt suspected drug-related activity. We would like to thank residents who continue to report concerns to us, as community information remains vital in helping us tackle drug crime and keep our neighbourhoods safe.

Priority 2: Road Safety

Road safety remains a key focus across Melton Town South. Officers have conducted regular patrols and engaged with motorists regarding speeding, parking concerns, and general road safety issues raised by residents. We continue to monitor locations highlighted by the community and work with relevant partners to improve safety for all road users, including pedestrians and cyclists. We encourage everyone to play their part by driving responsibly and reporting any ongoing concerns.

Priority 3: Anti-Social Behaviour (ASB)

Addressing anti-social behaviour remains a priority, and patrols have continued throughout the area to provide reassurance and address concerns raised by local residents. Officers have engaged with individuals involved in reported incidents and worked alongside partner agencies to identify long-term solutions where appropriate. We have recently identified, spoken with, and begun working with an individual linked to a number of recent incidents, with the aim of providing support and preventing further issues within the community.

What We have been up to..

Monthly Activity Update

Over the past month, the team has remained busy dealing with a range of incidents and community concerns. Multiple individuals have been arrested for a variety of offences, including theft, burglary, and harassment. Officers have also conducted numerous joint visits with Melton Borough Council, helping to address ongoing neighbourhood issues and support vulnerable members of the community. These partnership visits continue to play an important role in resolving local concerns and improving the quality of life for residents.

Working alongside PC Daley from the Melton Rural North Beat, we arrested a local prolific offender in connection with a theft from a store in the Melton area.

Harassment arrest 🚓

A male has been arrested on suspicion of harassment involving his neighbours. He has since been released from custody with bail conditions in place to protect the victims while our investigation continues.

Due to the seriousness of the reported incidents and the impact on the wider community, he has also been issued with a Community Protection Warning.

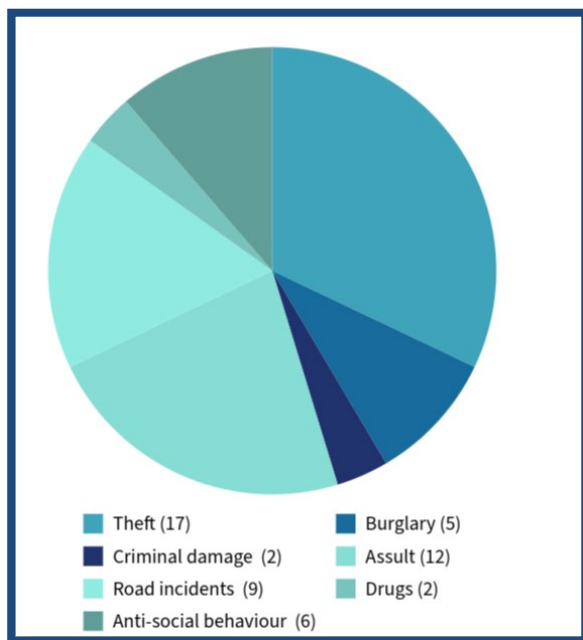

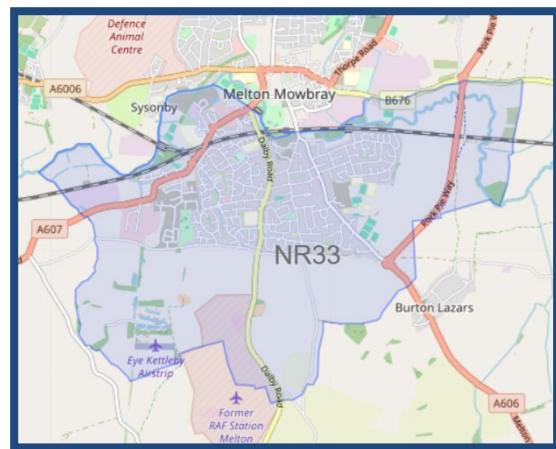

Community concern near local school 🚔

Many of you may be aware of the recent incident involving a female urinating in a public area near a local school.

We have identified the individual involved and are working closely with her, her family and partner agencies to ensure that appropriate support is in place.

We understand the concerns this incident has caused within the community. Officers will continue to monitor the area through regular reassurance patrols, and we have kept the school updated regarding the action being taken.

The beat team also arrested a male who was wanted for burglary. After a short search, we located him attempting to hide between parked vehicles.

Current report figures for the month

Community engagements
