Motorbike and Scooter Theft Prevention

- Ensure you remove the key from the ignition once you park your motorbike or scooter.
- Attach a steering lock or disc lock
- Secure a strong steel cable, chain or D-lock to attach your motorbike or scooter to security rails or ground anchors.
- Install an alarm or an engine immobiliser
- Try to park in a busy, well-lit area.
- Preferably store your vehicle in a secured garage.
- Cover your motorbike or scooter when not in use.
