PC 1217 Chelsea REAST

PC 1520 Ryan WILLIAMS

#YouSaid - What matters to you

PRIORITY 1—Anti-Social Behaviour in and around

Braunstone Park continues as a priority concern from the community. Over the spring period, the team will continue to concentrate on this location.

We Did- With the start of the school summer holidays, officers launched Operation HABITUAL, a dedicated multi-agency operation aimed at preventing anti-social behaviour, youth disorder and associated criminality within Braunstone Park and surrounding areas.

As part of Operation HABITUAL, the team have conducted numerous targeted patrols (with assistance from LFRS) at key times throughout the day and evening, providing reassurance to the community and disrupting behaviour that negatively impacts those using the park.

The combination of visible policing, partnership working and targeted operational activity has enabled the team to maintain a proactive presence within the park and respond effectively to community concerns.

Overall, the team remain committed to reducing anti-social behaviour, improving public confidence and ensuring Braunstone Park remains a safe and welcoming environment for residents and visitors throughout the summer months.

PRIORITY 2—Road safety has been highlighted to be a local concern. We will continue to concentrate on speeding concerns and anti social behaviour caused by e bikes, e scooters and off road motorbikes.

We Did—As part of this ongoing work, Operation PEDALFAST has recommenced, providing dedicated enforcement activity aimed at identifying and disrupting those using e-bikes and e-scooters illegally or in an anti-social manner. The operation supports safer roads, footpaths and open spaces while helping to reduce the impact that nuisance vehicle use has on local residents.

On 30 July 2026, the beat team conducted a successful Operation PEDALFAST deployment which resulted in the seizure of six e-bikes and two e-scooters.

On 11 July 2026, PCSO Beth carried out a speeding operation on Braunstone Lane, resulting in multiple motorists being stopped and spoken to regarding their speed and driving behaviour. These engagements provide an opportunity to educate drivers, improve compliance and enhance road safety within the local community.

The beat team recognise the significant impact that speeding and anti-social vehicle use can have on residents quality of life and will continue to carry out targeted patrols, enforcement operations and community engagement throughout the summer period.

PRIORITY 3—Drug dealing and usage at locations across the Braunstone and Rowley Fields area is a concern.

We Did—Activity has centred on proactive enforcement, intelligence-led investigations and warrant execution to disrupt those involved in the production and supply of controlled drugs within the community.

On 8 July 2026, officers executed a PACE warrant at a commercial premises on Hopefield Road alongside colleagues from Trading Standards. The warrant resulted in the seizure of a large quantity of cannabis, as well as a substantial amount of counterfeit goods. This joint operation not only targeted suspected drug activity but also tackled wider criminality affecting legitimate local businesses and the community.

The teams enforcement activity continued on 20 July 2026, when a further PACE warrant was executed at a residential address on Sommerville Road. During the search, officers recovered multiple cannabis plants being cultivated within the property.

These warrants demonstrate the teams continued commitment to acting on community intelligence and disrupting those involved.

Good News for July

- PCSOs Beth and Julie, alongside PC Chelsea, assisted Roads Policing officers in identifying and arresting two youths riding a stolen moped dangerously in Braunstone Park.
- Operation Pedalfast resulted in the seizure of six illegal e-bikes and two e-scooters, with one person dealt with for possession of cannabis.
- Using their new traffic powers, PCSOs Julie and Beth recovered a vehicle found being driven without valid insurance, removing it from the road.
- Beaumont Response officers and PCSO Jaik arrested a male on suspicion of driving over the prescribed alcohol limit after he crashed his vehicle and attempted to leave the scene.
- The beat team once again supported our Roads Policing colleagues, and with assistance from NPAS, a male was detained after failing to stop for police and driving dangerously around Braunstone Park.

A fantastic example of teamwork across neighbourhood, response and roads policing teams, helping to keep our communities safe and tackling those who put others at risk.
