**PCSO Telat Toy**

**PCSO Rianne Moseley**

## What Matters To You

We have listened to your concerns and will be prioritising the follow over the next 3 months (October till December):

**Priority 1 - Burglary prevention**

The Neighbourhood Policing Team has continued to prioritise burglary prevention through targeted high-visibility and plain-clothes patrols in identified hotspot areas, focusing on vulnerable residential locations and routes commonly used by offenders. Officers have also carried out reassurance visits to residents, providing practical crime prevention advice on home security, CCTV, lighting, property marking, vehicle security and reporting suspicious activity. Ongoing community engagement encourages residents to remain vigilant and share any concerns, while burglary reduction and offender disruption will remain a key policing priority throughout the autumn and winter months, supported by intelligence-led operations and targeted patrol activity.

**Priority 2 - Youth Anti-Social Behaviour at Beaumont Leys Shopping Centre**

The Neighbourhood Policing Team has continued to tackle anti-social behaviour through regular beat surgeries at Beaumont Leys Shopping Centre, providing opportunities to engage with residents, businesses and partners while maintaining a visible policing presence. Working alongside Leicester City Council and shopping centre management, a joint approach has been developed to address individuals linked to recent incidents, with follow-up visits carried out to young people involved, offering advice and early intervention to prevent further offending. Officers have also taken robust enforcement action, arresting several suspects for a range of offences, with one prolific juvenile offender charged with multiple offences and released on strict bail conditions. Looking ahead, the new Beaumont Leys People Zone initiative will support the development of sustainable youth provision across the ward, helping to reduce anti-social behaviour and encourage positive engagement within the community.

**Priority 3 - Criminal Activity At The Glenfield Hospital Including Drug Dealings, Thefts Of Motorcycles And Pushbikes.**

The Neighbourhood Policing Team has been carrying out regular high-visibility patrols at the hospital to deter crime, provide reassurance and engage with staff, patients and visitors. Officers have also worked with hospital security and provided crime prevention advice, with patrols continuing to help keep the site safe and encourage the reporting of suspicious activity.

# Local News - October 2026

October was a busy month for the Beaumont Beat Team, with officers and PCSOs continuing to tackle crime, anti-social behaviour and community concerns across the ward. Following reports of groups of young people causing issues in the upstairs seating area at McDonald's Beaumont Leys, CCTV footage was reviewed and those involved are being identified and spoken to. The location has also been added to evening patrol plans to provide reassurance to staff and customers and help prevent further incidents.

The team remained proactive in identifying and disrupting criminal activity. During enquiries across the ward, officers discovered a property that had been broken into and was being used for a suspected cannabis grow. The address was secured, and utility providers were contacted after dangerous electrical bypasses were found, reducing the risk of fire to neighbouring residents. Officers also carried out burglary reassurance visits, delivered crime prevention "cocooning" packs to residents and, while investigating the theft of an electric bike, located another bicycle hidden in bushes which is believed to have been stolen.

Partnership working and enforcement activity continued throughout the month. Officers supported colleagues with several arrests, including wanted offenders and suspects linked to serious offences, as well as arrests for assaulting police officers and drink-driving. Joint visits with Leicester City Council helped safeguard vulnerable residents and address anti-social behaviour concerns, while additional patrols were carried out in key areas to provide visible reassurance and respond to community priorities.

The team also engaged positively with young people and residents across Beaumont.

Officers attended the People Zone event at Beaumont Leys Shopping Centre, where a wide range of local organisations provided sports, gaming, arts, wellbeing and employment-focused activities for young people. Community consultations, leaflet drops and increased patrols also took place on the Heathley Park Estate following local concerns. Despite October bringing challenging weather, including strong winds and stormy conditions, the team continued to carry out patrols, investigations and community engagement activities, remaining visible and accessible throughout the month to help keep Beaumont a safe place to live, work and visit.

## Upcoming Community Engagements

| | | | | |
|---|---|---|---|---|
| **Tuesday** | **3rd** | **November** | **10:00 till 12:00** | **Beaumont Shopping Centre** |
| **Friday** | **13th** | **November** | **10:00 till 11:00** | **Beaumont Leys Library** |
