

MELTON TOWN SOUTH OCTOBER NEWSLETTER

THE NR33 BEAT TEAM

- PC 4410 Ryan HILL
- PCSO 6589 Summer WITTERING
- Sergeant 31 Paul GRANGER

Your Priorities:

Priority 1: Drug Dealing

Over the past month, we have continued to conduct patrols and work with local residents to tackle concerns around drug dealing in our community. Information provided by members of the public has helped us identify areas of concern and take positive action. Thank you to everyone who has reported information to us. Your support plays a vital role in helping to keep our neighbourhoods safe. We will continue to patrol hotspot areas and act on any intelligence we receive. If you have concerns about drug-related activity, please continue to report it to us or anonymously through Crimestoppers. Together, we can make a difference.

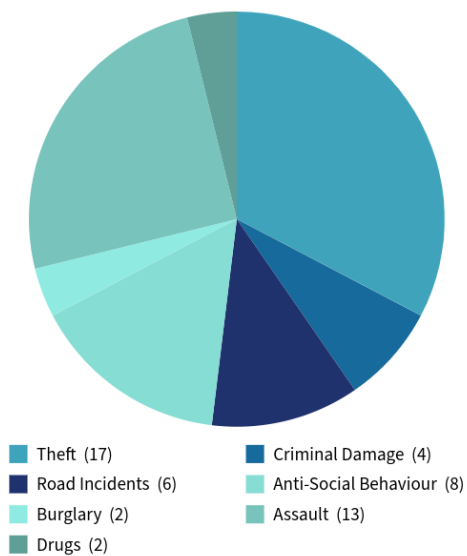

Priority 2: Road Safety

Road safety continues to be a key priority for the neighbourhood team. Throughout the past month, officers have conducted targeted patrols and enforcement activity in response to concerns raised by local residents regarding speeding and driving standards. We remain committed to working with the community to identify problem areas, educate road users, and take appropriate action where offences are identified. We would like to thank those who have reported concerns and will continue to focus our efforts on keeping the roads within our beat area safe for all road users.

Priority 3: Anti-Social Behaviour (ASB)

Addressing anti-social behaviour remains a priority for the neighbourhood team. Over the past month, officers have continued to respond to reports from residents, conduct targeted patrols in identified hotspot areas, and work with partner agencies to address ongoing concerns. We remain committed to tackling anti-social behaviour, supporting those affected, and taking appropriate action where necessary. We would like to thank members of the community who continue to report incidents, as this information helps us identify issues and focus our efforts where they are most needed.

MELTON TOWN SOUTH OCTOBER NEWSLETTER

Burglary – 2
Assault – 13
Drugs – 2

What We have been up to..

Monthly Activity Update

It's been another busy month for the Melton Town South Beat Team, with a mixture of community engagement, partnership working, problem-solving and proactive patrols across the beat area.

We have attended community events and drop-in sessions, giving residents the opportunity to raise concerns, seek crime prevention advice and speak directly with their local neighbourhood officers. We also attended the Melton and Brooksby College Freshers' Fairs, where we engaged with students and staff, offering personal safety advice and crime prevention information.

Our officers have continued to carry out high-visibility patrols in identified hotspot locations, focusing on our local priorities of anti-social behaviour, road safety and drug-related activity. These patrols help provide reassurance, gather intelligence and ensure we remain visible within the community.

Working alongside partner agencies remains a key part of neighbourhood policing. This month we have taken part in community patch walks with Melton Borough Council, worked with local businesses to discuss crime prevention measures, and supported joint operations with partner organisations.

Behind the scenes, the team has been managing anti-social behaviour cases, progressing investigations, supporting vulnerable individuals, safeguarding missing persons, providing updates to victims, and completing the necessary follow-up work to ensure incidents are properly dealt with.

We've also supported Hate Crime Awareness Week, promoting the message that everyone deserves to feel safe and welcome in our community.

Thank you to everyone who has stopped to speak with us, attended our events or shared information with the team. Your feedback and support help us continue to address the issues that matter most to our communities.

MELTON TOWN SOUTH OCTOBER NEWSLETTER
