What matters to you

Our priorities for this month are: Burglaries; Theft from motor vehicles; seasonal crime due to dark evenings. These have been identified through crime stats, neighbourhood surveys and our engagements

What we will do

To tackle the issues raised we will conduct a number of focused actions which will include;

- Conduct reassurance visits to victims of burglary to prevent them becoming a repeat victim
- Engagements within our car parks offering crime prevention advice to our commuters and visitors.
- Patrols of our hot spot areas where we have received reports of ASB and criminality in relation to dark evenings.
- Engagements within our residential areas to offer reassurance and collect intelligence about crimes and ASB happening in the area.

News

Officers have been involved in County Lines operation involving engagements which aim to inform, and numerous warrant enforcements across the city centre.

Whilst completing hotspot patrols around the cultural quarter officers have seized a number of vehicles for various offences; including no tax, no insurance and even stolen.

Our PCs have arrested numerous burglary suspects during this period. This includes three offenders who were charged for offences on the cultural quarter. Our PCSO's are also very effective at spotting our wanted persons.

Officers from the Cultural Quarter team attended the YMCA and completed a Bike Register event.

This was a hit with the residents giving them chance to speak with officers.
