**Also on the team:
SGT 4205 Dale Rowles**

Your Dedicated Neighbourhood Team (DNT) is a group of local Officers dedicated to serving your community. The team is made up of Officers based in your area and supported by the wider Policing family.

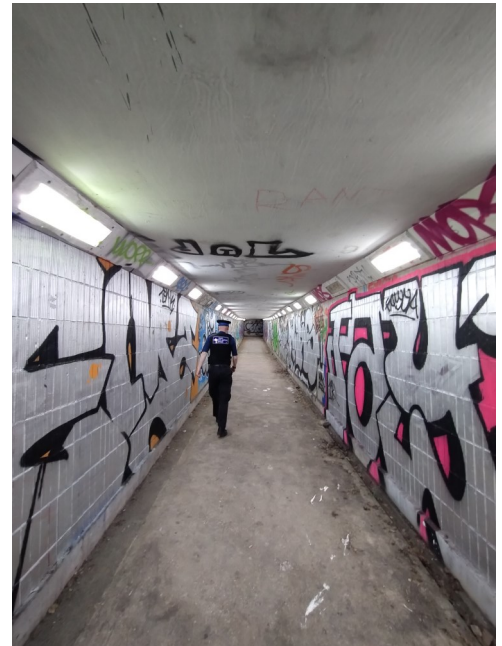

Your priorities are chosen quarterly and are based upon information gathered through NHL (Neighbourhood Link), social media, local engagement, and emerging crime trends. You have stated that the following key themes are important to you. #YouSaidWeDid

You Said	We did
Ongoing issues with burglaries in the local area, including residential and commercial .	Burglaries have been a massive focus for the beat team and the wider policing team over the past few months. We have been targeting areas across Glenfield, Kirby Muxloe and Leicester Forest east during the early hours to try and combat this ongoing issue. During these patrols we have been both in marked cars for extra reassurance to local residents and also undercover in unmarked vehicles and in everyday clothes to give us the best chance of deterring any further crimes. The beat team have also been offering support to those who have become victim to burglaries by giving packs full of advice and equipment making those affected feel that little bit more safer.
Ongoing issues with road safety in particular speeding in the area.	We have been conducting regular patrols to improve road safety across the area, including stopping vehicles where offences have been identified. Officers have taken action in relation to issues such as speeding, mobile phone use and other road traffic offences as well as engaging with drivers to offer advice and promote safer driving. We have also been conducting OP PEDALFAST around the local area, trying to combat against EBIKES causing a nuisance in the community.
Reports of criminal damage in the area.	The beat team have been liaising with organisations such as the local council, housing, environmental health and Anti Social Behaviour teams to combat this issue. We have seen a rise at an unoccupied property in Glenfield, which the beat team have been patrolling on a regular basis and communicating with local residents offering support and reassurance due to the ongoing issues that have been raised there.

News

Your local NH22 Beat Team has also been out on proactive ASB (Anti-Social Behaviour) patrols over recent weeks, focusing on key areas of concern within the community. Particular attention has been given to the underpass located on Faire Road in Glenfield. We have been having reports of drug taking and loitering. We can gladly say that this has seen a massive decrease in this kind of activity and though drug taking and/or ASB was not a priority given to us by local residents in the area, we will still look to put in these patrols where necessary to ensure a safe environment for everyone to live in.

We also would like to thank the local residents in Leicester Forest East for their continued support around drug taking, loitering and incorrect use of motor vehicles on the Parish Hall park. Though we have seen a decrease of this behaviour, we will still be in and around the area making sure that everyone can enjoy the fantastic facilities the park has to offer. If you wish to report any further issues in this area or anywhere that is causing you harassment, alarm or distress, then please do not hesitate to contact us by calling 101, reporting online or if in emergency 999.

Neighbourhood Link

Neighbourhood Link is a community messaging service from Leicestershire Police that provides news and information about policing activity or initiatives, crime prevention advice as well as major incidents affecting your area. In order to receive messages, you will need to register your details. Registration is free and simple to follow. Sign up at: <https://www.neighbourhoodlink.co.uk>

Please also take the time to let the Beat understand your concerns by completing the survey to the right. Simply scan your camera over the top and click.
