

Issue: October 2026

Introduction

Welcome to the monthly update for the residents and communities of the Evington and North Evington Neighbourhood Policing Area (NPA). This newsletter will be circulated on a regular basis and will provide an insight into what is happening at the NPA.

– Evington & North Evington Beat Team

Left to right - PCSO ARICHANDRA, PCSO COOK, PCSO GOODEY, PC WICKS, PC MAKDA, SGT HALL, PC TAYLOR, PC DARBAR, PCSO MEERUN, PCSO OLEH

Neighbourhood Link

Neighbourhood Link is an easy, free email messaging service from Leicestershire Police, Neighbourhood Watch and other local partner organisations, providing news and updates on policing matters that are relevant to you.

Sign up to receive email alerts about police activity and initiatives in your local area, crime prevention advice and information and warnings about current scams and fraud. You'll have the opportunity to reply directly to your neighbourhood team and have your say on your local policing priorities.

#YouSaid - What matters to you

Evington Beat Priorities (updated 1st August 2026):

- Retail premises across the beat area have reported incidents of theft from stores, causing financial loss to businesses and increasing concerns among retailers, staff and customers. Repeat offending and organised shoplifting negatively impact the local economy and community confidence.
- Reports of anti-social behaviour (ASB) increase during the summer holiday period within parks, open spaces and recreational areas. Issues include nuisance behaviour, alcohol-related disorder, littering, damage to property and activities that negatively affect residents and visitors.
- Concerns have been raised regarding crime and anti-social behaviour at Leicester General Hospital, including theft, disorder, vehicle crime and incidents impacting patients, staff and visitors. Such behaviour affects public safety and the hospital environment.

North Evington Beat Priorities (updated 1st August 2026)

- Reports of anti-social behaviour (ASB) increase during the summer holiday period within parks, open spaces and recreational areas. Issues include nuisance behaviour, alcohol-related disorder, littering, damage to property and activities that negatively affect residents and visitors.
- Following crime and anti-social behaviour pattern analysis, an increase in reports of anti-social behaviour has been identified on Beatty Avenue. This behaviour is having a negative impact on the community and contributing to concerns around safety and quality of life within the area.

- Road safety concerns have been reported by the community across the North Evington Ward. These include speeding, vehicles driving the wrong way on one-way streets, inconsiderate and obstructive parking, and concerns relating to large vehicles causing disruption and posing risks to other road users. These issues impact the safety of pedestrians, cyclists and motorists and contribute to concerns regarding road safety.

#WeDid - What we are doing

PCSO 6153 Arichandra seized an untaxed vehicle on Waterfield Close under DVLA enforcement powers. Vehicle tax plays an important role in ensuring that road users comply with legal requirements and contribute towards the maintenance of the road network.

Vehicles found on public roads without valid tax may be subject to enforcement action, including seizure. Motorists are reminded to ensure their vehicles are correctly taxed,

insured, and roadworthy before driving. Taking a few moments to check that your vehicle is compliant can help avoid unnecessary inconvenience and expense.

We would also like to thank members of the community who continue to report concerns and support our efforts to keep local neighbourhoods safe.

PC Taylor and PC Darbar carried out foot patrols in the Harwin Road area, speaking with residents about concerns relating to anti-social behaviour and providing reassurance within the local community.

Engaging with residents in this way helps us better understand the issues that matter most to the community and ensures our patrols and policing activity are focused where they are needed most.

PC Taylor carried out reassurance patrols in the Spence Street and Duxbury Road areas following concerns raised by local residents regarding anti-social behaviour.

During the patrol, officers spoke with staff at a local gym on Spence Street, as well as residents, to listen to concerns, gather information, and provide a visible policing presence. These engagement opportunities are important in helping us build strong relationships within our communities, understand local issues, and offer reassurance

to those who live and work in the area.

If you have concerns about anti-social behaviour in your neighbourhood, please report them to police. Information provided by the community helps us direct patrols and resources to the areas where they are needed most.

During a recent ward meeting, residents raised concerns regarding a number of vehicles reported as being off-road that were being kept on Gwendolen Road and Dorothy Road.

In response, Sergeant Hall visited the area to view the situation first-hand and gain a better understanding of the concerns being experienced by local residents. Taking the time to assess issues on the ground helps ensure that the most appropriate action can be taken.

Following these enquiries, the matter is now being progressed and enforcement action will be taken where appropriate against those found to be responsible.

Neighbourhood policing is about more than responding to incidents. It is about listening to the concerns that matter to our communities and working with residents to address issues that affect the local area.

Meet your Team - Uncoming public engagements

1. Local officer drop-in at Eden Café, Main Street, Evington, Wednesday 4th November, 10:00AM – 11:00AM
2. Local officer drop-in at Spinney Hill Police Station, Saturday 7th November, 6:00PM – 7:00 PM
